Inner Backrest

Outer Backrest

Armrest with backrest

Armrest without backrest

## BOARDS MATERIALS

RecyPlast (recycled plastic)

Tropical Wood

WPC (wood composite)

- Modular and versatile bench, which allows the creation of countless possible configurations with sinuous, straight or even totally circular shapes (surrounding trees, planters, etc).
- Formed by curved and straight modules that can be connected to each other (connection screws included).
- Available with 3 types of boards:
  - 1) Recycled plastic (mixed version made of metal and recycled plastic-RecyPlast)<sup>\*\*\*</sup>
  - 2) WPC-Composite wood (mixed version made of metal and ecological composite wood).<sup>\*\*\*</sup>
  - 3) Wood (mixed version made of metal and tropical wood).

<sup>\*\*\*</sup> Ecological versions. Do not require maintenance. Especially recommended for promenades, coastal areas or places with high exposure to saline corrosion.
- Accessories: outer backrest, inner backrest and armrests.
- Available 2 curved modules with different radius: R1500mm 90° (closed curve), R2500mm 45° (open curve) and 1 straight module 1,800mm long, all of which can be combined with each other.
- Support structure made of 3 and 5mm thick galvanized and pickled steel with anticorrosive primer rich in zinc and thermo-heating polyester powder coated finish.
- Boards made of:
  - a) Recycled plastic from post-consumer plastic waste (RecyPlast).
  - c) WPC-Ecological composite wood from recycled vegetable waste and polymers.
  - c) Tropical wood protected by water-based "lassure".
- Can be fixed to the ground with 6 M8 expanding bolts (included)
- Delivered assembled or unassembled according to the needs and requirements of the customer.
- Part of the Malaga street furniture collection: Chaise Longue, Litter Bin, Planter and Picnic table.
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.
